Subject: Rezoning Application SS-RZ-2019.1

Dear Jamie Harris and Laura Patrick,

Regarding the rezoning application noted above for Mid Isle Marine, we fully support their application to rezone their property.

The community is in absolute need of a long-term marine service facility at the current location.

Mid Isle Marine provides professional, responsible, and absolutely necessary marine services for our family of taxpayers to continue accessing our water-access property on Prevost Island.

David and Alison Wilson
