I am asking that you maintain and respect the current Official Community Plan limit on island residences, including suites. 17,000 is already a very large future population for our island which in my memory was not to exceed a population of 1500. Please do not give Bylaw 528 first reading.

I am aware of the necessity for housing, but I am concerned that this will not provide for those residents currently in need and will most likely provide for more vacation rentals. A broader community discussion.

Sincerely

Jo-Anna Logan
