Subject: By Law 530

Dear Trustees,

There seems to be serious ongoing concern in the Salt Spring Island community with the proposed Bylaw 528 and now Bylaw 530. I do not pretend to know the ins and outs, but hearing the concerns expressed by people that are thoughtful and knowledgeable about the issues tells me that not all is well with these new proposals. I hope that there may be further consideration by Island Trust on whether these bylaws are the most effective policy for achieving the preservation and protection of Salt Spring Island.

Thank you.

Sincerely,
Mart Gross
