Subject: Housing

Trust Committee,

For years there has been a lack of housing available for SS citizens and for newcomers, both whom contribute to the Island's economy, growth, community. It is way over time for the Trust to take action. You have been offered ways to do this with no action taken. People living in tents is a disgrace. People who love this paradise island are moving away. People are suffering. When will you, the Trust, take notice and take action?
