Thanks Chris,

We'll be sure to include it as feedback to the OCP-LUB project, and also provide to LTC at the next LTC Meeting.

Sincerely,

Hi Chris,

Thanks for your email. I intended this letter to be a submission to support the OCP/LUB review. I can't comment on the existing policies or criticise them for lack of information. The letter asks for Seniors Cohousing to be added to the current conversation, in the belief that there are many residents like myself that are aging out of their family homes, but who possess the wit, the will and the resources to form self-motivated groups to create meaningful housing. Also, I imagine that every level of government would appreciate a demographic that isn't looking for a handout ;-)

If my letter could be relevant to the LTC, then yes, please send it on to them. If the public component of your review process could benefit from a presentation from the cohousing group, I'm sure we would be happy to send a group member to your event.

All the Best,

Chris Dixon

Hi Chris,

Thank you for this letter. This is the only copy I see, but have received. Just curious, is this a general letter? Or is it intended as feedback for the current OCP-LUB Review, or is it intended to be a letter to LTC, in which case, it would be shared with them and published to a future agenda?

Sincerely,
