Hi, no FAR thanks. We did a O.C.P. back in around 2000, lets stick with it. Been here for 32 years and came here as a kid. One may not agree with Islands Trust these days, but damn, they did protect and preserve for a lot of years. We need to leave S.S. alone and souveriegn in its natural beauty, no developers, no constant accomodating evermore people. It is as it is, perfect, do not mess with it, there is NEVER any going back ! Thanks , Geoff Wethersett
