Subject: Bylaw 122

Dear Trustees,

I am writing to emphatically affirm my support for Bylaw 122. In addition to supporting the objectives of the Island Trust Act to “Preserve and Protect”, this bylaw has already been vigorously discussed. Our small island has finite resources and natural surroundings, with climate change and other factors rapidly impacting them. This means residents must adapt, and Bylaw 122 is an important example of that.

I respectfully request that you do not rescind or amend this bylaw.
