**Subject:** special LTC meeting june 3, 2023: bylaw 122

Trustees,

It's very distressing to find ourselves back at square one, having to convince people of the need to "preserve and protect" the rural character of South Pender Island. If it was deemed necessary in past years, it is even more so now given the rapid development of vacant land the potential impacts of climate change.

I fully support maintaining bylaw 122 as it currently stands.

Sincerely,

Christina McQuarrie
