Subject: Draft Bylaw 129

I am in favour of the proposed Draft Bylaw.

You were elected by a majority to institute these changes. I understand there is a very vocal minority opposing this. There was an election. The majority voted each of you in to implement this Bylaw.

I will attend the meeting this week to express my support for each of you to follow the mandate you were given not bend to an unelected vocal minority.

Thank you for stepping up to be elected officials and sticking to the mandate you were given.

Neil Smith
